

Greater Harris County
9-1-1 Emergency Network

October 26, 2009

9-1-1 Educators, 9-1-1 Coordinators and Supervisors,

GHC 9-1-1 would like to thank you for your continued support and assistance with helping us to educate our large community about the purpose and proper use of 9-1-1. The interest in educating our community has increased a great deal over the years, and as a result we are always working to create informative educational literature and valuable items for you to distribute to your citizens—from children to adults, special needs and seniors.

In order to prepare for our move to the new GHC 9-1-1 headquarters in December, we will halt distribution of the public education materials. Any orders received after October 30, will not be filled. Distribution will resume in January 2010. We apologize if this causes any inconvenience.

Also, the public education materials inventory is currently very low, so any public education orders that have already been submitted, will be filled based on the supply of inventory.

Please continue to contact us with any questions/comments regarding your public education efforts. To order materials beginning in January, please fill out an order form from our website at www.911.org and remember to complete the entire form including all contact information and event details. You will be contacted once your order is ready for pick up items will be returned to the shelf after one week of your being contacted.

Sincerely,

*Sonya Lopez Clauson
Public Education/Information Officer*

*Monique Abraham
Administrative/Public Assistant*
